 Harris County Warrant (bad check)-----1
 DWI-----1
 Criminal Trespass-----1
 Family Violence-----1

I would like the citizens to know that late last month TXDOT decided to change the lanes on Shoreacres Blvd. at the intersection with State Highway 146. They changed the lanes but did not change the red light settings. The City of Shoreacres was not notified of this change. It took place about 4pm. on Friday. After an accident occurred at that location we started to work traffic at that time. That intersection can not be worked by one officer alone or at night. Special arrangements were made Monday morning after contacting TXDOT and they do not do the work on the light system but have to contract it out. We were advised they would be here Monday afternoon to fix the light sequence. Officers of this police department did direct traffic on Monday when two were available to do so. We are sorry of any inconveniences this might have caused commuters on Monday morning. We simply do not have the manpower to direct traffic the entire time the light is not working properly. When the traffic thins out the officers have other duties.

Work on City Hall has started down stairs. The new court room and council meeting area should be completed soon. It will be a total makeover. It will be very useful for jury trials and a nice place for jurors to gather and work. The large room in the back will be used by other groups for their meetings.

The Shoreacres Police Department has hired a new full time Police Officer. His name is Willard D. Pankey. He has several years of experience and we are glad to be able to acquire his employment. He will be introduced to the city council at a later time. He is now riding with an FTO (field training officer) and upon his completion will be assigned to the night shift.

Randall J. French
Chief of Police City of Shoreacres
