Attorney General Ken Paxton
Open Records Division
P.O. Box 12548
Austin, Texas 78711

RE: Open Records Request for Information to the City of Shoreacres, Texas.

Dear General Paxton:

The following documents are enclosed for your review and consideration in the above-referenced matter:

- (1) The City of Shoreacres's (hereinafter referred to as "City") response to said Request, objecting to all information and identifying the basis for which the City deems the data to be exempt.
- (2) City's documents responsive to the request (Exhibit B, C, D, E and F).
- (3) Copy of Kimberly Sanford's open records request received by the City on April 23, 2015 (Exhibit A).

REQUEST

The City respectfully requests an open records determination as to whether the documents must be produced and/or furnished.

BACKGROUND INFORMATION AND EXEMPTIONS

The identity of the requestor and the documents requested shall be identified below. The below-described objections give rise to the City's belief that the documents in its possession are exempt from public disclosure.

OPEN RECORDS REQUEST

- 1) Kimberly Sanford's request is dated April 23, 2015; the request was received by the City on April 23, 2015.

Ms. Sanford requests that the City produce "all reports (Police, City) pertaining to 618 Baywood Street, LaPorte, Texas 77571 or Nancy and Michael Schnell within the past seven (7) years."

CITY'S OBJECTION

The City objects to the disclosure of the following information:

As to Exhibit B (October 2, 2014 report), the City objects to the entire report:

Pursuant to Section 552.108 of the Texas Government Code, the City believes that Exhibit B is exempt from public disclosure.

Section 552.108 states the following:

- (a) Information held by a law enforcement agency or prosecutor that deals with the detention, investigation, or prosecution of crime is excepted from the requirement of Section 552.021 if:
 - (2) it is information that deals with the detection, investigation, or prosecution of crime only in relation to an investigation that did not result in conviction or deferred adjudication.
- (b) An internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecuting is excepted from the requirements of Section 552.021 if:
 - (2) the internal record or notation relates to law enforcement only in relation to an investigation that did not result in conviction or deferred adjudication.

Exhibit B is confidential and exempt from disclosure pursuant to Section 552.108 of the Texas Government Code because the information requested is being held by the Shoreacres Police Department's law enforcement agency and deals with an investigation. Exhibit B relates to a prior offense report. The investigation did not result in a conviction or deferred adjudication for Nancy Schnell. Rather, the investigation did not result in any criminal action. Accordingly, the City believes that Exhibit B is exempt from public disclosure.

Similarly, Exhibit B is confidential and exempt from disclosure pursuant to Section 552.108 of the Texas Government Code because the information requested is part of an internal record or

notation held by the Shoreacres Police Department's law enforcement agency and deals with an investigation. Exhibit B relates to a prior offense report. The investigation did not result in a conviction or deferred adjudication for Nancy Schnell. Rather, the investigation did not result in any criminal action. Accordingly, the City believes Exhibit B is exempt from public disclosure.

Alternatively, the City objects to the disclosure of Exhibit B based on Section 552.101 of the Government Code which excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision."

Section 552.101 of the Government Code excepts from required public disclosure information held confidential under case law. The section applies to information when its disclosure would constitute the common law tort of invasion of privacy through the disclosure of private facts. The information must 1) contain highly intimate or embarrassing facts about a person's private affairs such that its release would be highly objectionable to a reasonable person and 2) be of no legitimate concern to the public. See *Industrial Foundation of the South v. Texas Industrial Accident Board* 540 S.W. 2d. 668 (Tex. 1976).

In this case, Exhibit B involves an incident that took place in the backyard of Nancy Schnell's own home. The report does contain highly intimate or embarrassing facts about a person's private affairs such that its release would be highly objectionable to a reasonable person. The City claims that Nancy Schnell has an expectation of privacy of those private events that occur in her own backyard. Further, the City claims that the report is of no legitimate concern to the public because it occurred in Nancy Schnell's backyard, the contents of the offense report did not result in any criminal charge and the offense report contains private facts, to which Nancy Schnell maintains an expectation of privacy.

Third, the City objects to the release of Exhibit B under HIPPA laws. The result of the offense report was no criminal action against Nancy Schnell, but rather a temporary mental health commitment. This offense report, being tied to the temporary mental health commitment, is part of Nancy Schell's medical records that she has an expectation of privacy under the Medical Practice Act and HIPPA laws.

Finally, the City objects to the release of the listed cellular phone numbers, driver's license numbers and serial numbers in Exhibit B under sections 552.101 and 552.129 of the Government Code.

As to Exhibit C (May 18, 2012 report), the City objects to the release of the listed phone numbers, driver's license numbers and license plate numbers under sections 552.101 and 552.129 of the Government Code.

As to Exhibit D (August 1, 2012 report), the City objects to the release of the listed phone numbers, and driver's license numbers under sections 552.101 and 552.129 of the Government Code.

As to Exhibit E (October 18, 2008), the City objects to the release of the listed social security numbers, phone numbers, driver's license numbers and serial numbers under sections 552.101

and 552.129 of the Government Code.

As to Exhibit F (July 18, 2012), the City objects to the release of the entire report.

Pursuant to Section 552.108 of the Texas Government Code, the City believes that Exhibit F is exempt from public disclosure.

Section 552.108 states the following:

- (a) Information held by a law enforcement agency or prosecutor that deals with the detention, investigation, or prosecution of crime is excepted from the requirement of Section 552.021 if:
 - (2) it is information that deals with the detection, investigation, or prosecution of crime only in relation to an investigation that did not result in conviction or deferred adjudication.

- (b) An internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecuting is excepted from the requirements of Section 552.021 if:
 - (2) the internal record or notation relates to law enforcement only in relation to an investigation that did not result in conviction or deferred adjudication.

Exhibit F is confidential and exempt from disclosure pursuant to Section 552.108 of the Texas Government Code because the information requested is being held by the Shoreacres Police Department's law enforcement agency and deals with an investigation. Exhibit F relates to a prior offense report. The investigation did not result in a conviction or deferred adjudication for Nancy Schnell. Rather, the investigation did not result in any criminal action. Accordingly, the City believes that Exhibit F is exempt from public disclosure.

Similarly, Exhibit F is confidential and exempt from disclosure pursuant to Section 552.108 of the Texas Government Code because the information requested is part of an internal record or notation held by the Shoreacres Police Department's law enforcement agency and deals with an investigation. Exhibit F relates to a prior offense report. The investigation did not result in a conviction or deferred adjudication for Nancy Schnell. Rather, the investigation did not result in any criminal action. Accordingly, the City believes Exhibit F is exempt from public disclosure.

Alternatively, the City objects to the disclosure of Exhibit F based on Section 552.101 of the Government Code which excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision."

Section 552.101 of the Government Code excepts from required public disclosure information held confidential under case law. The section applies to information when its disclosure would constitute the common law tort of invasion of privacy through the disclosure of private facts. The information must 1) contain highly intimate or embarrassing facts about a person's private

affairs such that its release would be highly objectionable to a reasonable person and 2) be of no legitimate concern to the public. See *Industrial Foundation of the South v. Texas Industrial Accident Board* 540 S.W. 2d. 668 (Tex. 1976).

In this case, Exhibit F involves an incident that took place at Nancy Schnell's own home. The report does contain highly intimate or embarrassing facts about a person's private affairs such that its release would be highly objectionable to a reasonable person. The City claims that Nancy Schnell has an expectation of privacy of those private events that occur at her home. Further, the City claims that the report is of no legitimate concern to the public because it occurred at Nancy Schnell's home, the contents of the offense report did not result in any criminal charge and the offense report contains private facts, to which Nancy Schnell maintains an expectation of privacy.
