May 2010

Citizen and Employee of the Year

From the Mayor:

Each year included in our water bills is a ballot for citizens to nominate a citizen and employee of the year. I'd like to tell you a little about this year's winners.

Anita Willis has volunteered to represent the city at the La Porte Citizen's Advisory Council and the Seabrook Community Advisory Panel for a number of years. She has done an outstanding job keeping Council and citizens informed about our industry neighbors. Throughout my tenure as Mayor, she has filled up drawers in my desk with information she has brought back for us. I have had the occasion to attend a number of these meetings and while the food is good, I sure do appreciate Anita for going to all of them. I am proud to name her our Citizen of the Year for 2010.

As you can imagine, after Ike our permit applications have shot through the roof. Most of that paperwork fell on the desk of the first person you see when you walk in City Hall. I am very pleased to honor Rhonda Basco as our Employee of the year 2010 for all the pressure we, as citizens, have put on her. Only just this week, I witnessed her talking to two new residents to our fair city. Cordial, concerned and empathetic, she was explaining trash days, recycle days and all the other details we take for granted but are essential to our new neighbors. If I may quote one ballot: "She works so hard to help each of us who showed up at City Hall for help. God bless her."

We are lucky to have a great group of employees and a bunch of citizens that continually give back to their community. Each and every one deserves honor and praise. Next time you see them on the street or at City Hall, please tell them thanks for all they do for us. We will continue to embarrass two of them a year.

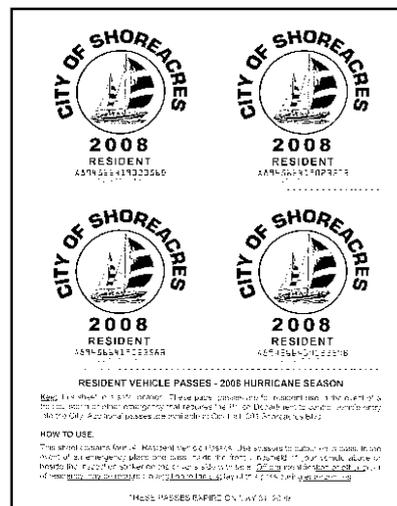

Hurricane Preparedness Workshop

Hurricane season is just around the corner. We invite you to join us at the Southeast Harris County Hurricane Preparedness Workshop on Saturday, May 22nd from 11:00 a.m. to 3:00 p.m. at the Pasadena Convention Center. Bring your friends and family to learn how you can become better prepared for hurricane season.

This event is free and open to the public. Free hot dogs and soft drinks will be provided by the Southeast Regional Local Emergency Planning Committee (LEPC), while supplies last. Many door prizes will be given away throughout the event.

2010 Hurricane Season & Vehicle Passes

The 2010 hurricane season officially begins on the first day of June and ends on the last day of November.

In preparation the City has circulated Resident Vehicle Passes with the May utility bills. These paper passes are for use whenever traffic into Shoreacres is controlled during an emergency (storm, chemical release, etc.). Additional passes are available at City Hall during normal office hours. Instructions for use are on the pass sheet.
